EDUCATION

IIMS COLLEGE
BCS, Cyber Security
2023 -2027

SKILLS

- Java
- Python
- React
- HTML, CSS
- UI/UX design
- SQL
- Linux Proficient
- Web Penetration Testing
- Computer Networking
- Network Addressing and Basic Troubleshooting

Bishal Poudel

I am an aspiring cybersecurity professional with a strong foundation in computer networking, programming, and web security. Currently pursuing a Bachelor's degree in Cyber Security at IIMS College, I have a passion for safeguarding digital systems and ensuring robust IT infrastructures. I thrive in dynamic environments where I can leverage my skills to address complex challenges and contribute to innovative solutions in cybersecurity and IT.

PROJECTS

E-COMMERCE SITE, REACT. College Project

I have hands-on experience in web development, including building a React-based e-commerce platform with an admin panel, demonstrating my proficiency in front-end and back-end technologies, as well as UI/UX design.

PENETRATION TESTING, VULNERABLE WEB APPS AND WIFI. College Project

I have hands-on experience in penetration testing, including identifying vulnerabilities in web applications and Wi-Fi networks, using industry-standard tools and techniques to ensure security and resilience.

COLLEGE MANAGEMENT DESKTOP APP, JAVA College Project

I developed a GUI-based College Management Desktop Application using Java, showcasing expertise in software design, user interface development, and data integration.
